a **Individual choices sit within institutional conditions**

WORKPLACES

Work intensity
Ability to refuse

PLATFORMS

Interface and incentives
Available alternatives

HOUSEHOLDS AND SERVICES

Care demands
Information and access

A person compares feasible alternatives

Income, time, functioning, experience and capability
Choice support can reveal a constraint; it does not remove it.

b **Track who receives gains and who bears burdens**

Individual account → **Household account** → **Organizational and societal account**
